

## **INSIDE SALES SUPPORT**

Are you a self-starter looking to grow with a dynamic company in the oil and gas industry? This eager and dependable professional with a proven track record of inside sales success and stellar customer service skills must be ready for a new challenge!

### **Job Summary:**

Gagemaker is seeking an experienced Inside Sales professional to support the Marketing, Sales and Administrative Teams. This highly motivated and well-organized individual must easily handle multiple tasks simultaneously and excel in fast-paced environments. This Inside Sales Support position is primarily responsible for handling customer calls, which includes coordinating quotes, orders and service issues. Successful individuals will establish strong relationships with both team members and customers which will contribute to the maintenance and growth of the customer base as well as ensure customer satisfaction. Most importantly, talented individuals will encounter exceptional opportunities for career development and advancement.

### **Requirements:**

- 1-3 years of customer service experience in a high volume manufacturing environment
- Above average computer skills and proficiency in MS Office applications
- Verifiable record of stellar customer service and relationship building.
- Excellent communication skills with the ability to listen, probe, write, and speak concisely.
- Exceptional attendance and work ethic
- Commitment to continuous learning
- Proactive team player outlook with client focus
- Results oriented problem solving skills
- *Bilingual (Spanish) a plus*
